NETWORK WORKING GROUP MEETING.

In line with the consensus of the Houston Network Working Group meeting in November, we will hold general Network Working Group meetings approximately every three months. The Spring and Fall meetings will be synchronized to the Joint Computer Conferences. The others will be moved around in order to promote exposure to the various sites and spread the burden of hosting.

The next meeting is on February 17, 18, 19 at the Illini Union, University of Illinois. Prospective attendees should contact Phyllis Ewing, Mike Sher's secretary, by the end of January. She can be reached at 217-333-0799 or at:

Center for Advanced Computation
162 Engineering Research Laboratory
University of Illinois
Urbana, Illinois 61801

Attendees should plan to arrive sometime on the seventeenth.

This meeting will be a bit more organized than previous meetings and will include at least a few prepared reports.
